(c) The State Advisory Committee has considered the representations received against the provisional Inter State Seniority list of Deputy Tahsildars and its recommendations thereon have been submitted to the Government of India for their decisions. On receipt of the decisions of the Government of India, the list will be finalised. As regards First Grade Revenue Inspectors/First Division Clerks of Bangalore and Mysore Divisions, the representations received against the revised provisional Inter State Seniority lists have been referred to the State Advisory Committee for their consideration and making suitable recommedations to the Government of India for their decisions. The final Inter State Seniority lists will be published soon after the receipt of the decisions of the Government of India on the representations.

Sixth Finance Commission

23. Sri D. B. KALMANKAR (Afzalpur).—

Will the Minister for Finance be pleased to state :—

the total amount proposed by the State Government in its memorandum submitted to the Sixth Finance Commission and the salient features of the proposal made ?

Sri M. Y. GHORPADE (Minister for Finance).—

In the Memorandum presented to the Sixth Finance Commission, a gap of Rs. 846.50 crores between the revenue and capital expenditure and receipts has been shown in the forecast period 1974-79. It has been explained in the statement of the case made by the Finance Minister to the Finance Commission during their visit to the State in January 1973 that the forecasts sent in our Memorandum have been drawn up in the manner prescribed by the Finance Commission but that there is need to effect certain basic changes in the method of assessing the revenue and capital gap of the State. It had been pointed out that on the capital receipts side, a figure of Rs. 188 crores which has been assumed towards market borrowings and loans from the Reserve Bank of India and Life Insurance Corporation and National Co-operative Development Corporation etc., should be taken as receipts for the Plan. If this is done, the gap which is to be covered on the basis of the recommendations of the Finance Commission will further widen from Rs. 846 crores to Rs. 1034 crores.
